AT THE

SPENCER, IOWA

TUESDAY, SEPTEMBER 27, 1960

12:30 P. M.

51 Lots -- 55 Head

In 1959 each of these two farms were among the top 10 SHORTHORN BREEDERS in the number of cattle registered.

This is the Second Production Sale for both herds. It is hoped that we can continue producing the high quality Shorthorns needed to supply the Breeders, Farmers and Ranchers in this area. Both farms feel that their drafts of cattle this year are superior to the consignments made in their previous sales. Cattlemen will find a pleasing uniformity and quality in both herds. The Claymore draft will include a large part of their 1960 show string.

## *Announcements*

Claymore Farms formerly organized five years ago at the time of our purchase of the entire herd of Claymore Shorthorns, owned by Clem Larson at Callender, Iowa. Prior to that time and May 2, 1953, each of the present owners had small, select herds of Shorthorns. Some of the cattle go back to the foundation animals in the former Clausen Bros. herd that was dispersed on May 2, 1953. The foundation for that herd goes back to the cattle purchased by our father, the late Peter Clausen, 50 years ago.

With the acquisition of the Claymore herd came the imported bull, Westdrums Dandy and most of our offering is built around this truly great breeding bull. We have drawn deep into our female supply and only rarely are heifers like these being sold, available only in dispersion sales.

We are looking forward to seeing you on Tuesday, September 27th and as all of us work very closely with all the cattle, we will be able to answer any questions and to show you anything you wish to see.

WESTDRUMS DANDY - We are proud of this outstanding herd bull by Erimus Emeritus by Kirkton Challenger, one of the greatest breeding sons of the noted Kirkton Baronet. His dam, Westdrums Lady Dorothy, is by the Perth Reserve Champion, Cluny Brave Rodney. Westdrums Dandy is an exceptionally short-legged, smooth, burly bull with a great head, and his calves have the look of herd bull prepotency with every outstanding quality of their sire bred in. The ruggedness, heavy-boned and naturally heavy muscling can be found in all his sons. He was only mated to two females in Scotland and one of these produced Westdrums Edwin that was sold for export for \$12,000 to the Argentine in the Perth Sale and the other calf, a heifer, was a Grand Champion at one of the major shows in Scotland. He's the sire of 14 outstanding young bulls and 11 females in this sale. There will also be 2 cows with calves at foot, sired by him and remated to him. We think these cattle are among the best we have offered in any previous sale.

CLAYMORE BENEDICT - A bull that everyone will like. We have used this bull quite extensively in our own herd. A full brother, Claymore Basil, was sold to W. W. Archer, of Finley, North Dakota last year, and he is well satisfied with him. Benedict will be in our 1960 show herd. He has a full brother in the sale and in the show herd, also. It is hard to miss on a bull when the dam, as well as the sire are so consistent in their breeding performance.

# Announcement - Dordun Farms

The Dordun Farm Shorthorn Herd is co-owned by E. W. Dunn & Ervin Griese. It was early decided to obtain uniformity of bloodlines, color and conformation and special attention has been given to good heads, rear ends and ruggedness. The cow herd we now have approaches these objectives and we are producing what is known as "the middle of the road" type. Each year we add individuals from other good herds and recently have added females such as a Rothes from Louada a Rosebud and two Clippers from Aberfeldy. These are cow families highly thought of in Scotland.

Herd Sires we have used have been:

Kelburn Regent by Mount Banker a Perth Reserve Champion.

Mount Officer, Imp. Sire of a Grand and a Reserve Champion of the Sioux Empire Show as well as a large number of females of which there are 25 remaining in our herd. They are good matrons and generally pass on their good heads and other qualities to their calves.

Aberfeldy Torchlight 2nd, by Kair Ambition, full brother to International Grand Champion Kair Ranger. Selected because of his heavy bone, smoothness and bulging quarters as well as his outstanding pedigree.

Kickapoo Clipper Chief by Calrossie Highland Chieftain who made Shorthorn history in the 1955-1956 & 1957 International Shows. Especially selected for his grand head and the three crosses of Cruggleton Perfect and Kirkton Baronet in his pedigree.

Louada Citation now comes as a Junior Herd Sire. He is by the internationally famous Bapton Constructor and is a  $\frac{3}{4}$  brother to the 1958 International Grand Champion as well as a host of other Champions and high priced bulls and heifers. With his many good qualities he has exceptional scale.

The Dordun herd is therefore founded on the most popular and successful Scotch Shorthorn bloodlines of today. We pledge that we will continue to breed the bloodlines and type which the breed demands and deserves. We would enjoy very much your visit to the farm before sale date. You will not find the Dordun Draft in high condition. This, of course, will be to your advantage.

Dordun Farm is located 2 miles East and  $\frac{3}{4}$  miles North of Melvin, Ia.

KICKAPOO CLIPPER CHIEF - Heads up the herd at Dordun Farms. He has become a great sire. Many of his first calves went to breeders in Iowa and Nebraska from the M. W. Smith Dispersion. A white son was Reserve Grand Champion just recently at the North Iowa Sale at Mason City for Ben Studer. Outstanding heifers we have heard from are owned by W. C. McCubbin, George Rubley, Wm. Boysen and Chas. Watson. We have 47 of his calves and yearlings at the farm and they are exceptional, with many more to come. He has been kept in heavy service running with the herd and is not in high fit but his grand head marks him as a sire whose record will remain long in this area.

A group of sons of ABERFELDY TORCHLIGHT 2D, all very much alike,  
Dordun Gold Cup is one of them.

His grandam, Easterlovat Gloria cost Northwood Farms \$3500 in the 1958 Louada Sale. He is a 3/4 brother to Louada Bomber, 1958 International Grand Champion & to Louada Regalia recently sold to "Browns of Kentucky" & closely related to many other Champions & high priced bulls & heifers. There is no more highly prized bloodline to be found in Scotland or America. His first calf will arrive about sale date. Eight of the Dordun Farms' consignment of heifers will carry his service. Louada Citation is not yet two years old but his heavy bone, straight legs & very deep quarters indicate that like his great sire he will at maturity be a bull of great size, scale & quality. He is smooth & well balanced & his good head carries a flat white waxy horn which breeders will greatly appreciate.

## STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
